2 Conditions in South Kanara district are unusual. The smugglers, hoarders and blackmarketers are strong and well organised in this district and the Revenue staff has not proved capable of dealing with them effectively. The Board therefore considers that the additional staff proposed by the Inspector General of Police Madras is necessary and requests Government to sanction it accordingly.

2. The additional staff may be sanctioned for a period of six months in the first instance. By the end of that period the situation may be well in hand.

3. As the main crop is almost ready for harvest, the Board requests very early orders of Government.

Copy of Letter Rc.No.904/A/44 dated 5th September 1944 from the Inspector General of Police, Madras to the Secretary to the Government of Madras, Home Department, through the Comm. of Civil Supplies, Chepauk, Madras.

Sub: South Kanara District- Food drive- Additional Police staff Sanction requested.

Ref: Letter ..L. Dis.No. 1278-44, dated 31-7-44 from the District Magistrate, South Kanara.

I enclose a copy of the letter from the District Magistrate, South Kanara, cited above.

2. I concur with the District Magistrate that additional Police staff is urgently needed for the working of the food drive started by him. The staff recommended by the District Magistrate is 1 Inspector, 5 Sub-Inspectors, 5 Head constables and 25 constables. I, however, consider that the number of constables proposed may be cut down to 11, at 2 police constables for each of the 5 police circles plus an orderly for the Inspector. Police parties needed for raiding purposes may be found from the District Armed Reserve.

3. I am addressing the Government for this additional staff to avoid delay as the District Magistrate has addressed me in the matter instead of addressing the Goverament through the Commissioner of Civil Supplies.

4. The staff may be sanctioned for a period of one year from the date of employment or until the need for the staff ceases whichever is earlier.

5. The financial effect of the proposal will be as follows:-

Pay of 1 Inspector at Rs.150/- per mensem	150	0	0	p.mensem

Food drive - Addl. Police staff - Sanction of - Recommended

I enclose herewith in original the letter of the District Superintendent of Police recommending the appointment of additional Police staff in connection with the Food Drive and other work connected with the working of the D.C.I. Rules in the District. I agree with him that the work is far too much for the present staff to cope with. I also enclose particulars of the prosecutions so far sanctioned by me. Many more such cases are being investigated into by the officials of the Revenue and the Commercial Tax Department and also by the Police. The food situation and problems are becoming more acute day by day and there is no prospect of things coming to normal till the war is over. Extensive raids to unearth hoarded stocks of paddy and rice have to be carried out if a crisis is to be averted and that with expedition. Raids in connection with scarcity of small coins, investigations and prosecutions under the Hoarding and Profiteering Prevention Ordinance, Paper Control Order, illicit sales and transport of food grains and several other items are additional and urgent work which cannot be done satisfactorily by the present police staff in the midst of their heavy work. In the interests of efficiency and expedition, it is imperative to have a police staff exclusively for the purpose and I think that the additional staff proposed by the District Superintendent of Police is the minimum that will be required. I recommend that the Government may be addressed to sanction the additional staff.

Sub: Food Drive - Additional Police staff - Sanction of report sent

---

It is about 5 months since the food drive in the district has been launched, and it has undeniably gathered ~~xx~~ momentum as never before. Nevertheless, the situation cannot be viewed with any complacency and much more remains to be done before the crisis is averted. The Police force in the past months have admittedly done their utmost in this matter, though hard-pressed by the enormous increase in their legitimate work. It is needless to enumerate the unprecedented increase in their (different branches of) work, arising out of the abnormal conditions now prevailing. All the stations are manned by the minimum staff and it is impossible to draw more men for this work without adversely affecting other Police duties. In other words, we are working in 1944 with 1940 staff. An additional staff, exclusively for this purpose, i.e. to make, or direct, raids as we have done, to prosecute D.C.I. cases in courts and to serve the extra summonses is therefore absolutely necessary, without which it is impossible to maintain the present vigorous drive and much less to intensify it.

One Inspector, 5 sub-inspectors, 5 head constables and 25 constables will be able to effectively tackle this problem in the district. The staff will work directly under the Dt. Superintendent of Police, One Sub-Inspector, ~~and~~ Head constable

constable and 5 constables will be deputed for each circle and the Inspector will be stationed at Mangalore. While getting information in cases of hoarding and cognate matters, and organising raids etc, they will relieve the station staff of all court work in connection with cases not only put up by them but also by the officers of other departments engaged in this work. The importance of this scheme is the quickness in which staff can be sanctioned, for I feel that present staff will not be able to carry on for more than a month more.

3 May I request you to address the Government and get the sanction for the appointment of one Inspector, 5 Sub-Inspectors, 5 Head Constables and 25 constables for one year quickly, so that the good work started by you can be effectively carried on without ceasing and supported by the police with success. If the scheme is approved and necessary sanction accorded, a detailed programme of work would be drawn up.
